RE: UST Annual Tank Fees - Response to Letter dated June 4, 1998 from Earth Tech
Norfolk & Western Railway Company - Auto Car Ramp
Facility ID No. 0-015171

Dear Mr. Williams:

A memo has been forwarded to Annette Parker in our central office explaining that we are in agreement with the subject letter concerning incorrect information contained in the UST facilities database. Copies of closure verification (1,000-gal. gasoline -- May 25, 1994) from our files was included with the memo.

If you have any questions or find in the future that this matter has not been resolved, please contact me at the letterhead address and/or at (336) 771-4600.

Sincerely,

Sabra M. Elder
Hydrogeological Technician II
